ENVIRONMENTAL POLICY

We are committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and minimises our potential impact on the environment. We will operate in compliance with all relevant environmental legislation and will strive to use pollution prevention and environmental best practice in all we do.

We will:

- ★ *Integrate the consideration of environmental concerns and impacts into all our decision making and activities.*
- ★ *Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner.*
- ★ *Educate and inform our employees about environmental issues that may affect their work.*
- ★ *Reduce waste through re-use and recycling and by purchasing recycled or recyclable materials and products where these products are available, economical and suitable.*
- ★ *Promote efficient use of materials and resources throughout our facility including water, electricity, raw materials and other resources, particularly those that are non renewable.*
- ★ *Avoid unnecessary use of hazardous materials, seek substitutions where feasible and take all reasonable steps to protect human health and the environment.*
- ★ *Purchase and use environmentally responsible products accordingly.*
- ★ *Where required by legislation and where health, safety or environmental hazards exist, develop and maintain appropriate emergency response programmes.*
- ★ *Communicate our environmental commitment to clients, customers and the public.*
- ★ *Strive to continually improve our environmental performance and minimise the social impact and damage of activities by periodically reviewing our environmental policy in light of current and planned future activities.*
